

# *Class 1L & 1MS Curriculum Newsletter*

Dear Parent,

We are aware that many parents wish to help their children at home, supporting the work being carried out at school. We thought it would be helpful to you to list this term's topics.

## **Literacy**

We will be looking at information texts about animals and countries. Stories with a fantasy setting and reading, writing and performing poetry.

## **Numeracy**

This term we will focus on number and looking at addition, subtraction and place value. We will then apply this knowledge to problem solving.

## **Science**

In science we will be growing plants. The children will be naming the parts of a plant and what plants need to grow. Our second unit is light and dark. What makes it light and why we need it.

## **ICT**

Word processing, inserting pictures and writing sentences. We will also be learning how to make programmable toys move.

## **Art**

We will be making a sculpture and learning how to weave.

## **R.E.**

We will be learning about Christians and how they live their life and what it means to belong to different faiths.

## **P.E.**

Outdoor games and throwing and catching skills.

## **Geography**

Where in the world is Barnaby Bear? We will be finding out about different countries; the weather, what animals live there, geographical features and locating countries on a map.

## **Music**

We will be singing some songs from a range of cultures with instruments. We will be making rain sticks to accompany!

We hope you find this information useful, in supporting your child's learning at home.
