

NEWARK HILL ACADEMY

Positive Behaviour Policy for Parents/Carers

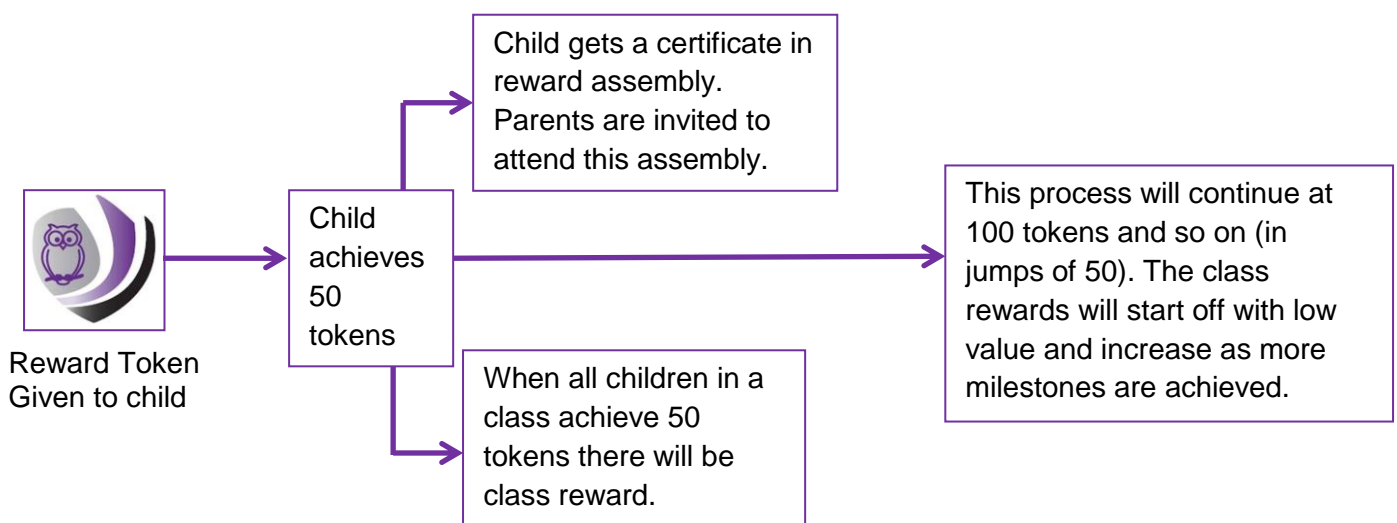

At Newark Hill Academy we believe that the best way of achieving good behaviour is to create a secure, caring environment in which all children can succeed. We help to do this by setting clear boundaries for the children

Our Aims

- Encourage good behaviour
- Deal effectively with any negative behaviour

How We Are Making It Work...

- Expectations of academy rules displayed within classrooms.
- High expectation of behaviour within academy, including walking around corridors silently and respecting all adults and children
- Reward Tokens are awarded to children who show good behaviour choices and effort with their learning. A diagram of how the reward system works in the academy is below:

- Attendance and Uniform are strictly monitored within the academy. The winning class of the fortnightly attendance award gets to have Ollie the Academy Owl join in with their learning for the next two weeks. Pictures of his experiences will be shared on the academy website and twitter site.

Ollie the Academy Owl

Your involvement

As part of our positive behaviour policy we seek to involve our parents/carers at all stages of their children's behavioural development. This may be by informal discussions with the teachers, or Principal, and through the use of a home/academy diary.

Sanctions

If a child makes poor behaviour choices we aim to deal calmly and immediately with all children involved. We will listen to their views of the problems. Sometimes it is appropriate to ignore bad behaviour, whilst rewarding the good, however when sanctions are necessary we follow these steps:
