SATs

The Key Stage 2 SATs will be held the week beginning 8th May. We will run an optional breakfast club on those days.

Children will sit their tests each morning. We are well prepared for the tests so children should be calm and ready for the week.

PE

As we prepare for sports day, we will be working on our athletic abilities and team work.

There are also some dance numbers for the production we will choreograph.

How can you help?

Read with your child at least 5 times a week. Ask them to summarise the text and explain what they have read. Can they form an opinion about what they have read? Can they back up their opinion with evidence?

Learn times tables with speed.

Encourage your child to spend 15 minutes a day on Mathletics to build up mental maths skills.

Production

This year our final production will be Bugsy Malone. The play is set in New York during 1929.

Auditions will be held the week after SATs with the final production being on the 19th July.

Mathematics

Our maths is closely linked to topic for the next few weeks. We will be calculating profit, loss, taxes, budgeting and balancing bills.

Science

As part of our SRE curriculum we will look at changes in the human body.

We are also focusing on keeping healthy- in particular, knowing the importance of mental health and well being.
